***Election/Restrictions***

1. Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 19 -21 and 23, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, along with product claim 18, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 11/28/2005 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

**REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: In view of applicant's arguments filed 07/11/2008, none of the prior art or combination of prior art is found to teach or sufficiently suggest the claimed resin composition, with all of its components, particularly with regard to the demonstrated improved melt extrusion

stability and provided extruded products having improved surface smoothness, drawdown resistance, interlayer adhesiveness and gas-barrier properties. One of ordinary skill in the art would not be motivated to predict or arrive at the presently claimed invention, in view of the prior art.

Thus, claims 1-4, 6, 7, 9-11, 13-15, 18 and 26 to the resin product and claims 19-21 and 23, directed to the process of making or using an allowable product, are allowed.

The "LIST OF RELATED CASES", filed 2/25/04, is hereby acknowledged by the Examiner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dr. Kelechi C. Egwim whose telephone number is (571) 272-1099. The examiner can normally be reached on M-T (7:30-6:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
